

Fellowship in Austria (2025-2026)

We would like to bring to your attention, that the [Austrian Federal Ministry of Education, Science and Research](#) has made **scholarships available for international students, graduates and scientists who intend to conduct their studies and/or research in Austria in the academic year 2025/26.**

Details on the available scholarships can be found at the **Austrian database for scholarships and research funding** <http://www.grants.at> (in German and English).

In addition to scholarships by the Federal Ministry of Education, Science and Research, this database contains information on scholarship programs from other institutions as well.
